Sialkot, Pakistan

01 ABOUT US

Ondra Industry is a Sialkot-based manufacturer of custom sports, fitness, and casual wear, built to serve teams, clubs, distributors, and emerging brands worldwide. From first sketch to finished, packed product, we run the full production process in-house cutting, stitching, sublimation, screen printing, and embroidery so every order leaves our floor matching the exact spec our clients signed off on.

We work as an extension of our clients' teams, not just a supplier helping distributors and brand owners turn an idea into a shippable product line.

02 WHAT WE DO

Ondra Industry offers **full-package manufacturing** design support, sampling, bulk production, branding, and logistics for private label and OEM/ODM partners. Whether you're launching a new activewear line or need a reliable production partner for an existing one, we scale with your order size without compromising on finish or turnaround.

EXPORT READY SHIPPING

OUR SPECIALIZATION

GOALKEEPER GLOVES, ENGINEERED ON GERMAN LATEX

We're specialists in soccer & football gear, with a dedicated focus on goalkeeper gloves. As direct importers of German latex, we hold the full range in-house from basic grades to true German contact latex in 2mm to 4mm cuts paired with our own design team for full custom development.
